

WorkPlace Scholarships: A High Impact Opportunity

WorkPlace Scholarships are about one concept – OPPORTUNITY. Providing opportunity to allow people to improve their lives and provide for their families is what The WorkPlace, Inc. is all about. WorkPlace Scholarships provide this opportunity with privately-funded job training for low-income adults and youth who require job training, but cannot afford to pay for it on their own. WorkPlace Scholarships also build the workforce for employers.

A single scholarship can positively affect an entire family. Average costs in The WorkPlace system are based on a one-time cost to train an individual, as well as quality contracting, monitoring, reporting, accounting, and public relations.

The following levels of contributions are suggested, but not limited to:

\$15,000

\$10,000

\$5,000

Contributors will receive recognition in marketing materials and at events promoting WorkPlace Scholarships. They will also be identified on www.workplace.org, and in other WorkPlace materials.

Please check one of the following:

___ **Yes, I would like to provide opportunities for at least six people to receive job training.
I have enclosed a check for \$15,000.***
